

*Happy
New Year!*

It is finally 2021! The much-awaited New Year is finally upon us, and with that transition comes goals that will help us make the most of our year. Need some motivation to stick to your resolutions? Checkout our January playlist on Spotify – [CLICK HERE](#).

Resolutions are a fun tradition that help us think about the year ahead and plan for how we can achieve our hopes and dreams. Practical resolutions can help set you up for a year that runs smoothly. We have some great suggestions for a car owner's New Year's Resolutions!

1) Maintain a service schedule for your car

Getting routine maintenance performed on your car will help improve its longevity and efficiency. Maintenance should include fluid checks and changes, as well as other inspections too. Long term, this will save you money & help prevent the occurrence of larger problems.

2) Set money aside for car-related expenses

It always seems that vehicle expenses come up at the worst possible times! So, plan to be financially proactive this year. Every month set aside a certain amount of money that can be saved specifically for car-related costs. This will help make emergency repair expenses feel more manageable.

3) Keep your vehicle clean

Is your car littered with masks and empty hand sanitizer bottles right now? Be kind to yourself and your car and tidy up a bit, it will go a long way in making you feel like you are ready to tackle the year!

4) Go on a Road Trip!

Practically, our cars get us from Point A to Point B daily, but we can go further! Take some time this year to go on a road trip this year & see beautiful places (adhering to state & CDC guidelines).

We hope this gives you some inspiration to about how to care for yourself & your car this year! Happy New Year from Tuffy Tire & Auto Service Centers.
